The Leonard Cleanable, One-Piece Porcelain Lined REFRIGERATOR

Can be had in all sizes and models

The Leonard is the common sense Refrigerator for practical people.

When you put a Leonard in your home you can rest assured that you have taken the most important step against germs and disease.

The one-piece porcelain lining is as easy to clean as a china dish. No cracks or crevices where dirt can collect.

All metal parts are nickel-plated, to do away with the possibility of rust.

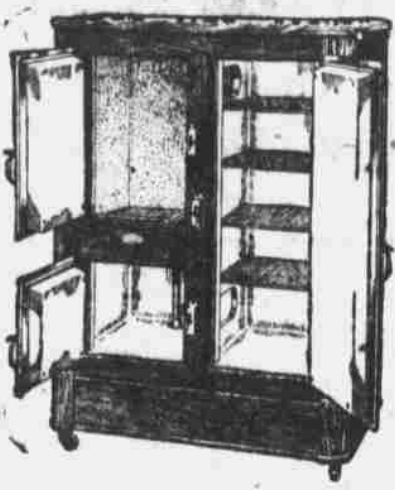

The patented trigger lock prevents doors from flying open—no matter how carelessly they are closed.

Let us have the pleasure of demonstrating to you this wonderful up-to-date Refrigerator.

Ice Boxes and Refrigerators range in price from \$12 to \$200.

BAPTISTS DOING BIG CHARITY WORK

Convention Hears Good Report From Hospital—Preparing for Big Drive.

More than 1,000 charity patients were admitted to the Baptist Memorial hospital and given free treatment during the year ended July 1, at a cost to the institution of approximately \$200,000, according to Dr. J. Hugh Carter, chairman of the executive committee, in an address before the annual convention of the Shelby County Baptist association at session at the Temple Baptist church.

During the year, 2,787 patients were admitted and treated at the hospital. Of these, 1,083 came from Mississippi, 503 from Arkansas, 2,855 from Tennessee and 861 from other states. Arkansas sent 544 patients to the charity wards of the institution; Mississippi, 234; Tennessee, 135; and other states, 175; a total of 1,083.

Dr. Carter told how the new eight-story wing, completed and opened last March, had been filled to capacity the first month. In March 703 patients were admitted as compared with 243 for February, the month and day of the opening of the new wing. Ground was broken for another new unit July 1, which is to be completed in 12 months at a cost of \$250,000. When this is completed the hospital will represent an investment of \$4,000,000 and will have a capacity of from 150 to 200 beds.

August Hospital Month.

The executive committee has also purchased a site for a new hospital, for which plans are now being prepared, he said. The site has a 200-foot frontage on Monroe avenue, adjacent to the hospital.

The work of Mr. Davidson, superintendent of the hospital, and others, was highly praised by Dr. Carter.

Factors attending the convention were urged to see that their churches observed August as hospital month, and that a special effort be made to raise the \$100,000 which the Baptists of Tennessee have undertaken to raise for the hospital this year.

Church leaders were also asked to encourage capable young women with ideals of service to enter the training school for nurses provided by the hospital. It is hoped to increase the enrollment of 65, Dr. Carter said, to 100.

B. C. Henning, of Nashville, assistant director of the Baptist 75-million-campaign, delivered an inspiring address Wednesday night on the subject of the drive to be waged Nov. 30-Dec. 7. That week will be known as Victory week.

Tennessee's Share Big.

Tennessee's share in the \$75,000,000 budget will be \$4,000,000. The remainder of the fund is apportioned among the states as follows:

Alabama, \$4,000,000; Arkansas, \$5,000,000; District of Columbia, \$200,000; Florida, \$1,000,000; Georgia, \$500,000; Illinois, \$1,000,000; Kentucky, \$6,500,000; Louisiana, \$3,250,000; Maryland, \$750,000; Mississippi, \$2,000,000; Missouri, \$2,925,000; New Mexico, \$250,000; North Carolina, \$3,500,000; Oklahoma, \$2,000,000; South Carolina, \$500,000; Texas, \$18,000,000.

The Rev. D. A. Ellis, pastor of La Belle Baptist church, an American Baptist of the association. The Rev. J. C. McCoy, pastor of Temple Baptist church, was elected secretary and J. J. Sledge, treasurer.

The convention closed Thursday afternoon. Virtually all Baptist churches in the county were represented by delegates and the convention was pronounced one of the best in the history of the association.

"Y" WORKER KILLED BY FLYING PLANE

GENEVA, Switzerland, July 17.—James B. McCreary, an American, M. C. A. secretary, 25 years old, has been killed at Prague under unusual circumstances.

McCreary, according to advice received here, was standing in a boat on the river Moldau (city) at Prague when he was struck by a swerving Italian hydroplane which had just passed under a bridge over the river. The American died soon after and was buried in Prague.

ANTITRUST PROBES END WORK IN JACKSON

JACKSON, Miss., July 17. (Sp.)—Antitrust probes have finally ended in Jackson, with indictments returned against the hydraulic companies. The county grand jury charging price-fixing. Evidence against the multicolored bridge and highway companies was sent to justify indictments, the grand jury's final report said.

The case of the drugists, who were indicted two weeks ago, was ordered continued. Ice manufacturers agreed to reinstate 1917 prices.

MAJOR LOVELL WILL COMMAND PARK FIELD

WASHINGTON, July 17.—Under an army order issued today, Maj. George E. Lovell, Jr., junior military academy, has been designated as commander of Park field. Maj. Lovell is at Rockwell field, near San Diego, Cal., but will proceed at once to Millington and assume command, reporting by letter to Gen. Mencher.

SOLDIER IS INSANE.

TRENTON, Tenn., July 17. (Sp.)—Luther Pound, of Idlewild, who has recently had a number of cases against him for various violations of the law, has been adjudged insane and sent to the asylum at Bolivar. Young Pound is a returned soldier and has been back from France but a short time. He had his left arm shot away in battle, and it is thought that this had a great deal to do with his actions since his return. Monday afternoon he became so violent it was thought best to send him to the asylum for the insane until the proper authorities for the government could have time to investigate the case and take charge of the patient.

CLUB SCHOOL OPENS.

SENATORIA, Miss., July 17. (Sp.)—The three day club school for the agricultural high school for all the club members of the county will open Thursday morning. The school will be under the management of county agents, Miss Dora Woods and C. L. McNeil. Experts from the agricultural college will be present and give instructions in all home economic work, especially the work of canning and preserving fruits and vegetables. The opening of the school and growing fall crops will be especially stressed by the farm experts present.

QUITS SOLON'S RACE.

YAZOO CITY, Miss., July 17. (Sp.)—F. A. McGraw, at the urgent request of a large number of friends a candidate for the lower house of the legislature, has announced his withdrawal from the race in Yazoo county because of the stress of personal business. Mr. McGraw is a resident of Wiley, Miss., and has always been actively interested in public questions in this county.

MEN AND WOMEN STABBED WITH BARBED SPEARS

There are barbed spears that are invisible. They cannot be seen; they can only be felt. They are thrust into the very vital organs of men and women and turned and drawn and thrust again into the jagged, lacerated wounds. Such spears that are twisted and turned in the cuts that they have made, but feebly describes the terrible torture endured by men and women in the last stages of that seemingly simple malady—Acid Stomach.

But if the very first symptom of Acid Stomach were the sharp and murderous thrust of agonizing pain, more victims would be saved from early graves. The alarm of such terrible agony would command immediate attention. Acid Stomach is a daily danger because it is insidious. It gives no startling of its approach. It creeps up upon its victim slowly and stealthily, like a snake in the grass.

At first you find yourself belching a little after eating. It is distressing, but not alarming. Then come flutterings and slight pains in the heart, due to the pressure of gas from the stomach; after this a sense of sourness, then a foul offensive breath that disgusts your friends, but unfortunately, does not alarm you. Frequently you are not even aware of it. Then your complexion becomes sallow and covered with pimples, followed by loss of appetite. These things are the result of chronic constipation and biliousness filling the entire system with poisons which follow from the accumulations of undigested, sour, acid, fermenting food that clogs your intestines. And the last stage of this condition brings the unspeakable agony that is like barbed spears.

Where Pepsinol is used the dangers of acid stomach are minimized. Pepsinol is a tonic, digestive, gently laxative and corrective in its effects. In acid stomach it expels the sour, fermenting, undigested food that causes the trouble. Don't wait for this condition to run its course; take Pepsinol at the first sign of acidity.

When you think of "pep" think of Pepsinol.

Genius Pepsinol is made only by The Pepsin Medicine Co., Memphis, Tenn., and is in strict accordance with the Medical standards of the United States Pharmacopoeia. It is the most convenient for everybody and yet to prevent substitutes being sold for Pepsinol, the company has appointed a special "Pepsinol Agent" in each section of downtown.

Look for the "Pepsinol Agent" in your locality.

TATE COUNTY ORGANIZES SHIPPERS' ASSOCIATION

SENATORIA, Miss., July 17. (Sp.)—One hundred and twenty-five members of Tate county formed this week the Tate County Co-operative Shippers' association. The association will have charge of all kinds of exports from the county. J. A. Wooten was made president and W. G. Cocke vice-president; Allen Scott, secretary-treasurer. A warehouse at Senatoria will be erected and a shipping agent employed.

Since the first of the year County Agent C. L. McNeil has shipped for the farmers of the county 24 cars of hogs, 10 cars of cattle, three cars of sorghum and eight cars of corn. Two cars of fertilizer and one car of wheat seed have been shipped. The exports of the county since the first of the year aggregate \$45,000.

VICTIM OF SHOOTING AT GREENWOOD BETTER

GREENWOOD, Miss., July 17.—D. O. Alexander, who was shot and seriously wounded Tuesday morning at Bereair by M. L. Aldridge, was brought to the King's Daughters hospital at Greenwood, Tuesday night, where he underwent an operation. He was reported doing well Wednesday morning and it is believed he will recover. Aldridge states that he did not waylay Alexander. He said that the two met in the road in front of J. B. Dodd's home and that both were armed. Mr. Aldridge was walking and was in his way home when he met Alexander in a motor car. Alexander stated that Alexander had threatened his life a number of times. As soon as physicians pronounced Alexander out of danger, the preliminary trial for Aldridge will be held. Aldridge was placed in jail Tuesday and bond will not be accepted until the condition of Alexander is improved.

FEDERAL AID ALLOTTED TO HIGH SCHOOLS

JACKSON, Miss., July 17. (Sp.)—The final allotment of federal aid fund to agricultural high schools qualifying under the Smith-Hughes vocational agriculture law is being made. The amount being distributed is about \$12,000.

Prof. F. J. Hubbard, state director of vocational education in Mississippi, has just issued a news letter, containing items of interest to all teachers in this work. He will announce within the next few days the program of the state-vocational conference to be held at A. and M. college in mid-August.

CUTICURA HEALS GIRL'S RINGWORM

On Head Like Dandruff, Scalp Red and Sore, Hair Thin.

"My little girl's head broke out with ringworm. It started just like a sheet of dandruff and spread until it was as large as a dollar. The scalp was red and sore, and she could not keep from scratching. Her hair was thin and dry and I could hardly comb it."

"This trouble lasted about a month before I commenced using Cuticura Soap and Ointment. As soon as I began to use them her head began to get better and now she is completely healed." (Signed) Pet Durrell, La Center, Ky.

Improve your skin by daily use of Cuticura Soap, Ointment and Talcum.

Box 25, Ointment 25 and 50c, Talcum 25c. Sold through all druggists. For sample each free address: "Cuticura Laboratories, Dept. M, Malden, Mass."

A HOT SPOT Chalmers Puts the Might in Gas

NATURE stored away untold power in gas, and until a recent date few engines were able to extract more than a portion of that power.

When gas began to decline in grade, and engines began to show evidence of the wrong "diet," a movement was started in redesigning engines to utilize the heavier or lower grade fuel.

Chalmers led with a solution in Hot Spot and Ram's-horn.

Hot Spot "breaks up" the raw gas molecules into far smaller molecules, like pebbles crushed into dust, so that when the spark plugs ignite the fuel there is greater combustion.

But after Hot Spot finishes its important task the job is turned

over to Ram's-horn to get the "cracked up" gas delivered quickly and without loss to the cylinders.

Ram's-horn with its smooth areaway and "easy air bends," sets the gas down with amazing speed at each cylinder, feeding each one "fresh," highly vaporized gas.

Each cylinder gets a like amount. No one is "starved." No "pools" collect; and no raw gas passes the pistons into the crank case to cause faulty lubrication, which is the reason for 75% of all engine troubles. Thus the Hot Spot Chalmers "puts might in gas" by getting very nearly all out that nature put in.

One ride quickly convinces you there is high efficiency underneath the bonnet.

SOLDIERS' MEMORIAL WORK IS PROGRESSING

HARRY L. DIX, Pres. CALVIN GRAVES, Treas.

JACKSON, Miss., July 17. (Sp.)—Reports reaching headquarters of the Mississippi Memorial association indicate that county chairmen in all sections are active and wherever possible are pushing the campaign with all vigor.

A letter received from T. J. O'Neil, Sharkey county, said the drive was being pushed vigorously. He praised the work of C. N. Miller, a negro, high school teacher, who has been active in a small community.

HEAVY MAILS FOR HUNS FOLLOW LIFTING OF BARS

NEW YORK, July 17.—The resumption of trade relations with Germany has resulted in a flood of business to steamship companies connecting with Germany via Scandinavian countries and Holland. The New York postoffice reports heavy mail receipts for Germany.

GIBSON COUNTY SHOWS 3,229 DOG CITIZENS

TRENTON, Tenn., July 17. (Sp.)—The county tax assessor has recently completed his census of the dog population of Gibson county. According to the official there are 3,229 males and 282 "lady" dogs in the county. At least these are all that have been reported to date. From this dog population a total of "poll" taxes has been collected of \$3,733. This fund, according to the recent enactment under which it was collected, is to be held for the benefit of sheep raisers who suffer losses through the depredations of roaming dogs. The next year will no doubt bring the total receipts from this source considerably higher than this year.

BLAST REVEALS LOOT STOLEN FROM BANK

BUCKSVILLE, O., July 17.—Following an explosion in a shed in which a man supposed to be F. Mayhew, Benwood, W. Va., was killed, and Leonard Keene, Benwood, injured, authorities found \$22,000 in war savings stamps and Liberty bonds believed to have been stolen from the bank at Nova, O., several nights ago.

SHERIFFS TO MEET.

JACKSON, Miss., July 17. (Sp.)—The sheriffs' association of Mississippi has been called to meet at the house of representatives hall here Wednesday, July 23, at 10 o'clock, to discuss matters of importance, according to a call issued by Secretary W. J. Buck at the request of President T. T. O'Brian, and several members.

FLYERS GOING SOUTH.

LOS ANGELES, Cal., July 17.—Thirty army aviators from Rockwell field, San Diego, passed through this city yesterday en route to Kelly field, at San Antonio, Tex., where, under the command of Capt. M. E. Kelly, they will be formed into the Eighth Aero squadron and assigned to border patrol work.
